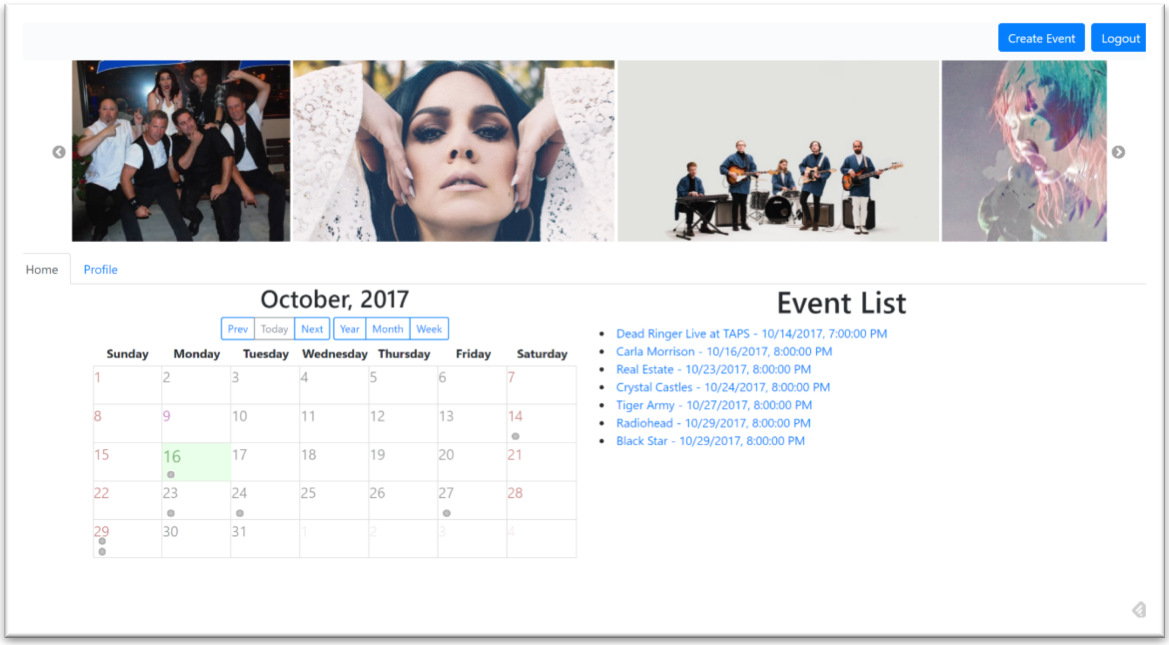
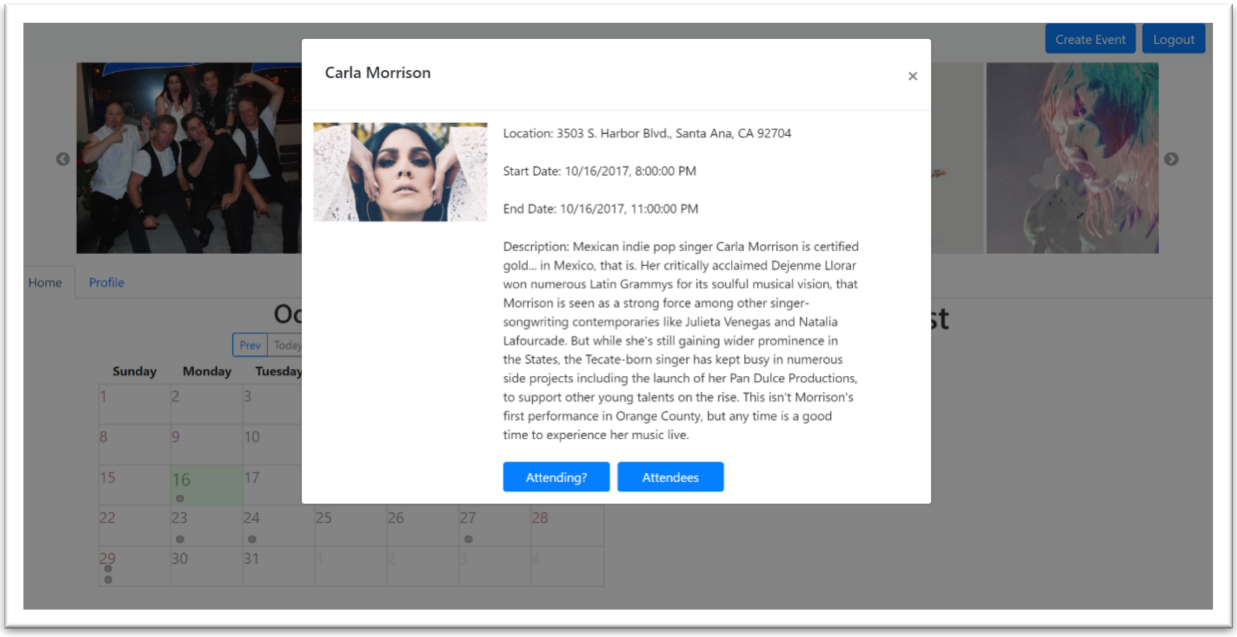
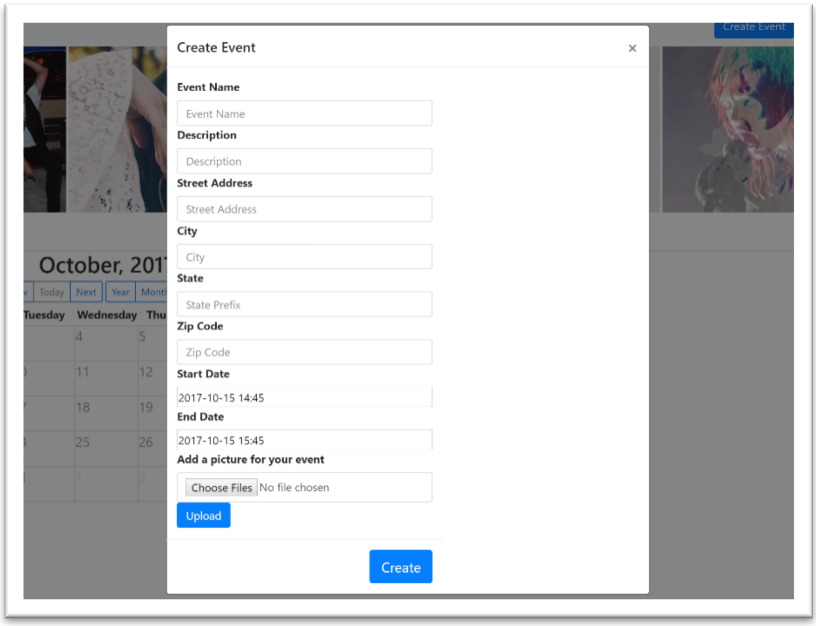
About

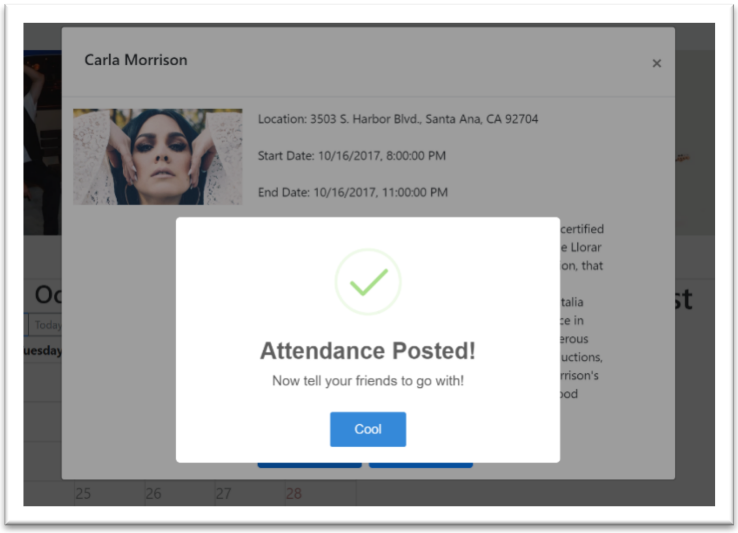
EventFriendFinder helps students share events that are going on around community in order to find and connect with other students who are interested in going to the event.



Anyone can flip through the calendar, image carousel or event list to view events going on for the month. Click on these options to view more information on the event.







To get the full user experience you will need to log on or register. Once logged in you can create new events or sign yourself up on the attendee list.
